Quality Counts: Practice Reporting the Five Performance Measures for SBHCs

January 12, 2017
Objectives

1. Brief overview of the NQI and what this initiative makes possible for the field
2. Nuts and bolts of reporting
3. Demonstration of NQI Data Portal
4. Discussion
Challenging the SBHC field to adopt the first ever set of standardized performance measures
Standardized performance measures for SBHCs

- Annual well child visit
- Annual risk assessment
- BMI screening and nutrition/physical activity counseling
- Depression screening
- Chlamydia screening

Stretch Measures
- Student disposition log (seat time saved)
- SBHC student user survey
SBHCs to voluntarily adopt and report performance measures by 2018
What does this make possible for us?

Improve quality
How many times will you be asked to report data during the 2016-17 school year?
2016-17 School Year: Our Pilot Year

2
Practice run: Jan/Feb 2017
2016-17 School Year
What data will you be asked to report?
Definitions and Strategies

This page will allow you to review definitions of the five performance measures for school-based health centers (SBHCs) and learn about promising strategies for centers to improve the care they deliver.

Download Measures Definitions

Well-Child Visit

The annual well-child/adolescent visit (WCV) is the cornerstone of pediatric care. It not only provides the opportunity to deliver comprehensive, evidence-based preventive care but also to identify concerns early and intervene. A comprehensive WCV visit can improve performance in the other national measures as well: annual risk assessment; body mass index measurement, nutrition, and physical activity counseling; depression screen; and chlamydia screen.

When can you share your data?
Practice run: Jan/Feb 2017

Portal opens:
Next week (we will send you an email to let you know when the portal is open)

Portal closes:
Wednesday, March 1, 2017
Who will report the data to the Alliance from your organization?
• If a representative from your SBHC program let us know who would be responsible for reporting data, that person has been granted permission to access the NQI Data Portal.

• That person received an email from me yesterday letting them know that they have access.
I didn’t receive an email yesterday.
• If you will be reporting data for your SBHC(s) but did not receive an email from me yesterday, please email Matt Even at meven@sbh4all.org or write your name and email address in the chat box and we will grant you access to the NQI Data Portal.
Reports
When can I view my report?
Mid-March 2017
How do I view the report?
Thank you for joining the Quality Counts movement! Here you can access the NQI Data Portal to enter your SBHC performance measure data and run a free, customized report that shows your SBHC's data and how you compare to participating SBHCs nationwide. Contact research@sbh4all.org with questions.
What will the report show me?
